

# United States Senate

WASHINGTON, D. C.

November 13, 1958

Mrs. Betty Taymor  
44 Fairfax Street  
Newton, Massachusetts

Dear Betty:

I wish to take this opportunity to again thank you for your support and for the outstanding job done last Tuesday.

In my trip through your district, I had the pleasure of seeing you again, and most important, of seeing everywhere the evidence of your leadership and work in behalf of the party.

The State Committee under the able leadership of Pat Lynch contributed greatly not only to my own success but more importantly to the success of the entire Democratic slate.

For your efforts this fall and the many kindnesses you have shown me in the past, I am deeply grateful. I shall return to Washington to work with renewed vigor for the interest of our great State.

With kindest regards,

John F. Kennedy
