

Information on the Herbert Lipke Fellowship

“The purpose of the fund is to establish an endowment whose earnings will be used to fund the fellowship for one or two financially deserving full-time undergraduate student(s) in any given academic year. Reduce the general indebtedness of a UMass Boston student(s) by reducing hi/her dependence on loans while providing them with a means of enhancing their knowledge and work experience. Provide support for student(s) engaged in research tied to (associated with) the University’s Biology Department. The fellowship recipient(s) shall carry the title of “The Herbert Lipke Fellow”. In furtherance of the purpose above, in cooperation, the Scholarship Office and the Chair of the University’s Biology Department will employ the proceeds of the endowed fund to benefit the Fellowship.”
